

Nevada County's [Wild & Scenic Film Festival](#) is just around the corner, February 15th-19th! Hosted by the [South Yuba River Citizens League](#), this local film festival helps young people connect with nature and the environment. WSFF offers something for all members of the family, from **film programming to educational workshops**.

The 2024 event will host a session of 3D films, several family-friendly film programs, and educational workshops such as “The Salmon Journey” on Saturday, February 17th about the lifecycle of salmon led by local artist Monica Fabrizz, featuring art and song.
